

Philadelphia International Airport

Parking Registration

New Access System - Employee Parking Lots

PHL is transitioning to a new employee lot parking system which will be available on or before October 1st 2022. This new system will be moving away from Airport SIDA badges including Parking Only (White badges) and begin to use new parking access cards (PAC). This new parking system has several different features which are available to all parkers such as access via an access card, hands-free LPR (license plate recognition) and Bluetooth technology from your smartphone through a mobile app.

All Airport employees needing access to the employee parking lots will need to register for a parking account. Below is the process for registering for a parking account:

- Blue, Red and Yellow Badge Holders – select space type Badged Employee
- Current White Badge Holders (**Flight Crew Only**) – select space type Flight Crew
- Current White Badge Holders – select space type Temporary Contractor
 - **Badge Holders must upload photo of SIDA badge**
 - *Current White Badge Holders must surrender your White SIDA badge at the Customer Care Center to receive your parking access card*
- Non Badge Holders – select space type Temporary Contractor
 - **Non Badge Holders must upload photo of the Employee Parking Lot Authorization form signed by your employers' authorized signer along with a photo of your Employer photo ID**

Please scan the QR Code to the right to begin the online registration process.

Information required:

- Name
- Email Address
- Employer Address
- Mobile Phone Number
- Vehicle Information

Important Dates

Online Registration begins: Week of August 15th 2022
